## **PROFESSIONAL HIGHLIGHTS**

- Developed scalable and reliable applications using TypeScript
- Integrated third-party APIs into applications, including Salesforce APIs
- Worked with with npm, Node, Azure, GitHub, and Jira
- Practiced software development methodologies, including Agile and Waterfall
- Certified Azure Developer Associate with the Azure 204 certification:
  - Develop and deploy cloud applications using Azure compute, storage, and security services
  - Utilized GitHub Actions for continuous integration and deployment (CI/CD) of applications
  - Create and manage Azure Resource Manager templates for deploying and managing cloud resources
- Chippewa Valley Developer Group Member

## **EXPERIENCE**

### **Software Developer II - Net Health Shops LLC** *August 2022 - Present*

- Developed scalable and reliable applications using TypeScript
- Integrated third-party APIs into applications, including Salesforce APIs
- Designed and implemented serverless architecture using Azure Function Apps for event-driven solutions, reducing infrastructure management overhead and improving scalability
- Utilized GitHub Actions for continuous integration and deployment (CI/CD) of applications
- Leveraged Azure Storage for efficient data storage and retrieval
- Created and managed Azure Resource Manager templates for deploying and managing cloud resources
- Worked with Jira to track and manage project tasks
- Conducted code reviews and provided constructive feedback to team members to ensure high code quality and maintainability
- Worked with EDI and SFTP to exchange data with external partners

### **Technical Support Specialist - Idexx Laboratories** *August 2021 - August 2022*

- Troubleshooted and resolved software and hardware issues for end-users
- Installed software on user networks
- Configured computer system hardware and software
- Researched and provided solutions to customer needs
- Ensured customer satisfaction and maintained strong customer relationships

## **EDUCATIONAL HIGHLIGHTS**

### **Chippewa Valley Technical College**

Associate Degree: IT-Software Developer, December 2022

- Overall GPA: 3.94, President's List
- IT-Club President

*Relevant coursework:* Programming fundamentals, Web 1 HTML & CSS, Web 2 Client Side, Web 3 Interactive Media, Web 4 Server-Side, Database 1 & 2, Java Web Programming, Object Oriented Programming, .Net Application Development, .Net-ASP, Agile Programming
